

FISH FOR KALI GRACE WIGGINS

On June 23rd 2014, 4 year old Kali Grace Wiggins was diagnosed with Wilm's Tumor; a type of kidney cancer. Kali immediately began aggressive chemotherapy, and has been at Texas Children's since then.

Kali is beautiful, smart, spunky, and one heck of a fighter who needs a little sunshine at this stormy time in her life!

Please come out and join our fishing tournament, in Kali's honor, to help raise money for this sweet princess!

In addition, there will be a raffle, and merchandise for sale to support Kali Grace.
