Two State Team Alternates will be selected from the State Championship competitor list. Alternate positions will be offered to the boater and non-boater that are next in line after the last boater and last non-boater that accept State Team positions.  - iii) If a competitor drops out after the B.A.S.S. Nation established deadline for changes to the State Team, the alternate selected will normally be the Director of the Region from which the original competitor was chosen. If that individual is not available, the Texas B.A.S.S. Nation Board of Directors will select and approve an alternate from within the Board of Directors.

Inflatable life vest indicators should be checked daily. Violation of this rule may be reason for disqualification. **Inflatable PFD's are allowed as long as U.S. Coast Guard regulations are met.**

The Coast Guard requires that inflatable PFD's must be worn at all times unless there is an equal number of non-inflatable Coast Guard approved PFD's on board.

It is suggested the Boater competitor have a safety check with the Non-Boater each day prior to launch to familiarize the location of all safety equipment.

(ii) Maximum courtesy must be practiced at all times, especially with regard to boating and angling in the vicinity of non-competitors who may be on tournament waters. Any act of a competitor, which reflects unfavorably upon efforts to promote fisheries conservation, clean waters and courtesy, may be reason for disqualification.

(iii) All competitors are bound by the prevailing statutes and regulations of the various states in which they fish. Some regulations may differ from these rules resulting in fines, citations or other penalties at the discretion of law enforcement and may or may not result in tournament penalties. Competitors are responsible for research of fishing and boating regulations.

Anglers and family members of anglers, shall, at all times, conduct themselves in a professional manner that demonstrates integrity, honor and respect toward fellow competitors, tournament staff and the general public and does not reflect unfavorably on B.A.S.S., its members, officers or representatives, tournaments or sponsors.

Anglers are frequently in the public eye and are considered role models by young people; therefore, it is imperative that tournament competitors demonstrate good sportsmanship in fishing. Sportsmanship is defined as fair play, respect for opponents and polite behavior while competing in the sport.

(i.) Following are examples of unacceptable behavior by competitors or family members of competitors in Texas B.A.S.S. Nation events that will be cause for penalties as outlined in this document.

Any disqualification, suspension or other disciplinary action imposed by any tournament or fishing organization may result in disqualification from competition and rejection of an application for participation in a Texas B.A.S.S. Nation tournament.

(ii.) Chemical substance addiction or abuse, conviction of a felony or crimes involving moral turpitude, may be grounds for disqualification from competition and for rejecting any application for participation. Any angler who violates any of the provisions of the Sportsmanship Rules or the Angler Code of Conduct may be subject to fines, reduction of points, forfeiture of tournament winnings, and suspension from competing in individual Texas B.A.S.S. Nation sanctioned events, permanent ban from competition or any combination thereof deemed appropriate by Texas B.A.S.S. Nation.

8. TACKLE AND EQUIPMENT:

Use of grippers for landing bass is prohibited during tournament competition. During practice and competition, no more than one artificial or biodegradable artificial lure may be attached to a line at one time. One lure is defined as a single manmade device designed to attract and/or catch one fish at a time. Adding trailer hooks, plastic trailers, blades, etc., to a single lure is acceptable. If multiple fish are caught on a single manmade lure, on a single cast, all fish are considered legal and may be added to the daily catch subject to scoring rules (17). No "live bait," "dead bait," or "prepared bait" will be permitted during official practice and competition, with the exception of pork strips or rinds. Any umbrella-type rigging, harness, or other device designed to hold more than one lure at a time – with or without hooks – is not allowed. Such rigging, harness, or device cannot be added to a single lure as described above. Twin arm spinnerbaits, underspins and buzzbaits are allowed. Trailer hooks and plastic trailers must be on the main hook of the bait; only spinner blades can be affixed to the arms. The head on the main stem may be hinged. On twin arm spinnerbaits, underspins and buzzbaits, no more than two wires, with a maximum length of 6 inches, may extend off the main arm or body of the lure at the head or line tie point. The bend of the main hook must be even or trail behind where the blades attach to the wires. The use of braid or other line to attach one stinger hook (single or treble) is allowed but cannot be more than two (2) inches in length. Texas B.A.S.S. Nation officials have the sole authority to determine whether a lure is considered a single lure as defined above.

Only ONE casting, spin casting or spinning rod (10-foot maximum length from butt of handle to rod tip) and reel may be used at any one time. A hung or snagged lure that is not in or on the water is not considered in use and may be set aside while another is in use. Other rigs as specified above may be in the boat ready for use; however, only ONE is permitted in use at any given time. If a competitor breaks his line while setting the hook or retrieving a fish, he is allowed to make an attempt with the rod being used or with his hands to secure the visible line and land the fish for it to be counted as legal. He may NOT hook the line with another lure, rod and reel, or other device.

No competitor may intentionally snag or foul hook a bass to be counted in their daily catch. Anyone guilty of snatching or snagging visible fish will have his or her catch disqualified. When visually fishing for bedding bass, to be counted as a legal fish, bass must be hooked inside the mouth and must be verified by your partner before being unhooked. With the mouth closed naturally, you must not be able to see where the hook point enters the fish to be considered hooked inside the mouth.

Competitors, including those who have been “cut” from competition in an event, are allowed to share baits and tackle with one another at any time.

9. HORSEPOWER REGULATIONS:

Maximum horsepower for all outboard motorboats used in official tournament practice and in tournament competition will be **250 HP**. Horsepower cannot exceed the limitations set by the U.S. Coast Guard. When required, each boat must have a U.S. Coast Guard horsepower-rating plate attached to the boat by the manufacturer. The horsepower of the outboard engine must **NOT** exceed the rating specified on this plate nor the horsepower maximum set by Texas B.A.S.S. Nation. Each competitor agrees to submit, by their signature on the official entry form, the boat and outboard motor used in the tournament, to an inspection by factory-trained personnel, if there is reason to suspect the horsepower is in excess of the rating. Normal maintenance of engines is allowed. Changing or altering standard factory parts of a competitor’s engine to increase the horsepower over the factory horsepower rating, is forbidden and will result in disqualification. Falsifying information on entry forms, or altering the horsepower-rating numbers on the engine, is also cause for immediate disqualification from Texas B.A.S.S. Nation tournaments. Posted speed limits and those imposed by Texas B.A.S.S. Nation must be observed and all boats must be operated in a safe manner. Violations of speed limits shall result in loss of competition hours and not limited to disqualification.

10. BOAT AND MOTOR:

These restrictions apply during official practice and competition. For the safety of all competitors, all boats must be equipped with an approved type of operable ignition kill switch and lanyard. Only one manufactured lanyard may be used and it must be attached to the driver’s body any time the combustion engine is operating and in gear. Any time the combustion engine is operating and in gear, there must be a driver in the driver’s seat in full control of the boat. Fishing boats that are 16 feet or more in length may be used. Any raised platforms or decks cannot be higher than the gunnels of the boat. Standing on the outboard or seats while fishing, is not allowed. An electric trolling motor may be used for slow maneuvering. However, trolling as a method of fishing is prohibited. **The “LONG LINING” or “STROLLING” technique is NOT allowed in both official practice and competition and defined as intentionally using a trolling motor or outboard to mechanically extend a cast.** No exceptions. **Only gas tanks that are installed by the boat manufacturer are allowed.** No portable gas tanks or containers capable of holding gasoline can be placed anywhere on the tournament waters or shoreline for use by any tournament competitor. No “barges” or similar craft will be permitted. No boat equipped with “stick steering” shall be permitted. “Stick steering” shall be as defined by the Tournament Director. **Jet drive engines and tunnel hull boats are not allowed during both official practice and competition.** Any boat/hull designs other than standard mass produced units are only allowed at the discretion of tournament officials.

11. BASIC BOAT EQUIPMENT:

During official practice and competition, every boat must have all required Coast Guard safety equipment and a functional bilge pump. **During official competition**, every boat must have live-well space, properly aerated, to adequately maintain alive, a limit catch of bass by both competitors using the boat. B.A.S.S. recommends livewells be maintained at full level and aerators/re-circulators on manual. Tournament officials shall have the sole responsibility for determining whether aeration and capacity is proper and adequate. Boater competitors must make a back seat available for Non-Boaters each competition day.

12. BOAT IDENTIFICATION:

Prior to each day's start, each boat may be given an inspection check by a tournament official. Each day, each boat may be given a number, which **must** remain with the boat. This number must be displayed upon the request of tournament officials, and at each check-in.

13. BOAT OPERATION AND EXPENSE:

During competition, in Boater ,Non-Boater type events, Boaters will fish from the front deck, Non-Boaters from the rear deck, NO EXCEPTIONS. **During both official practice and competition**, Non-Boaters are only allowed to drive (outboard engine) the Boater's boat in emergency situations with the exception of loading and unloading from trailers. **During official practice**, Non-Boaters not practicing with a Boater competitor, may practice, drive, and fish from the front deck of the boat. **During official practice**, non-boaters practicing with boaters are allowed to fish from the front deck and operate the trolling motor.

Any Boater that, in the judgment of the officials, operates the boat in such a manner as to unfairly handicap their Non-Boater partner shall be disqualified. At no time may a Boater competitor request that the Non-Boater competitor not fish. **The cost of gas and oil for the competition days must be settled within your own state team.** In Texas B.A.S.S. Nation events where observers replace anglers as the official rider, observers cannot assist the competing angler in any way. Observers are not required to help with gas and oil expenses.

14. PERMITTED FISHING LOCATIONS:

Tournament waters shall be established by the Tournament Director for each tournament. Each competitor must obtain this information from the Texas B.A.S.S. Nation staff. Any water within these boundaries posted "Off-Limits" or "No Fishing" by state or federal agencies as well as the live-bass-release area established by the Tournament Director will be OFF-LIMITS and will be announced at the Tournament Briefing. Only that water open to ALL public fishing will be considered tournament waters. Waters deemed off limits by authorities or tournament officials should be treated like a wall. No boats or casting behind that boundary while fishing. All angling must be done from the boat. In states where landowners have the legal authority to claim private property, these areas must be posted or they will be considered tournament waters unless instructed otherwise by tournament officials at any time during the event. If forced to leave, a competitor must

report the incident to tournament officials as soon as possible. Any water to which a competitor is barred access becomes off-limits to all competitors. Prior to the tournament registration, any questionable areas must be brought to the attention of tournament officials to be considered tournament waters and may be announced in the briefing for all to hear unless determined otherwise by tournament officials. Tournament officials reserve the right to restrict or enhance tournament waters based on conversations with local authorities. Competitors are not allowed to cut, remove, displace, or engage in any type structure removal from private property (dry land) during off limits, official practice or competition. Moving structure to include sawing of logs or other obstructions in the water is only allowed if laws permit. No competitor may place any object that may impede or cause danger to boaters.

15. COMPETITORS MUST REMAIN IN BOAT:

During the competition days, competitors must not depart the boat to land fish or to make the boat more accessible to fishing waters. **Competitors may not shift a majority of their weight outside the boat and onto a dock or other object outside the boat for the purpose of landing a bass or accessing a fishing spot.** A bass that cannot be landed without the angler leaving the boat or shifting his weight outside the boat must be released immediately. While keeping the majority of weight in the boat anglers are allowed for boat protection to push or shove off objects while landing a fish to be counted as legal. Competitors are allowed to leave the boat to retrieve a lure. All fishing by that competitor must cease until the competitor is back in the boat. Only then may another cast be made.

Boats must remain in tournament waters during tournament days. Competitors must leave from and return to official checkpoints by boat. Both anglers must remain in the boat at all times, except in case of dire emergency, or with permission from the Tournament Director. Exceptions spelled out in rules 5, 15, and 18. In such an emergency, or with permission of the Tournament Director, competitors may be removed from their boat, either to a boat operated by other competitors, or a rescue boat designated by the Tournament Director. Partners must remain together at all times, in sight of each other and each other's catch, under the conditions cited above, in order for their catch of that day to be scored in the tournament, with the following exception. **In breakdown situations and with a tournament official's permission, Non-Boaters may transfer their boat's (Boater and Non-Boater's) fish to another competitor's boat and ride to check in, and they may leave their Boater with the disabled boat. In such cases, the Non-Boater must stay with their catches at all times and the assisting boat's partners should verify the catch. Any angler whose boat is disabled and rides with another competitor or rescue boat to weigh in is not allowed to fish.** In the event of a needed restroom break or refueling situation at a marina gas pump, contestants are allowed to leave the boat, at which time all fishing must cease until partners are back together in the boat. If a competitor violates any of the above conditions (to contact a tournament official by phone or other means, or to report an emergency or breakdown), both competitors must cease fishing at this point and their catch must be verified by a tournament official in order to be counted in the tournament. If, after the emergency situation is resolved by tournament officials, and enough time is left for the competitors to resume fishing, a **restart** will be allowed, the competitors will continue, and their catch will be counted. This applies only to dire emergency situations as determined by the Tournament Director or his/her designee. Towing boats on trailers during tournament hours is prohibited, except by the direction of tournament officials.

16. OFFICIAL CHECKPOINTS:

There shall be only one official checkpoint for checkout in the morning, and one official check-in point in the afternoon, which points shall be designated at the tournament briefing. Failure to go through boat check and checkout in the morning or failure to check-in at the check-in point in the afternoon may result in disqualification. At the time of checkout, all competitors and their boats shall be in full conformity with all rules set forth by the Tournament Director. At check-in, all boats shall identify themselves by means of the numbers described in Rule 12 and proceed immediately to the designated weigh-in area. Partners must stay together, through the weigh-in process if both are weighing bass. Once bass are bagged for weigh-in, anglers that are not weighing bass do not need to accompany their partner through the weigh-in process.

17. SCORING:

Tournament standings, contingency awards and final winners shall be determined by the pound and hundredths of a pound weight of each competitor's catch during the competition days of the tournament. Only Largemouth, Smallmouth, Spotted, Redeye or Shoal bass or their hybrids will be weighed. The Boater limit shall be five (5), Non-Boater limit shall be three (3), of the above species and varieties per day, unless otherwise specified by tournament officials (example – hot weather/fish care concerns/championship events). At no time shall a competitor have in his or her possession more than the tournament limit. If a competitor determines they have over the limit they must immediately reduce his catch to the tournament limit with a live bass of their choice from their catch. Each returned bass will result in a 2 pound penalty to be deducted from their daily score. In this case, competitors must attempt to notify tournament officials and if unsuccessful must notify officials at check in. Once a competitor checks in they must present all legal bass to tournament officials at the verification table. If competitors at the verification table have more than the tournament limit, the competitor will reduce with live bass to the tournament limit and each returned bass will result in a 2 pound penalty to be deducted from their daily score. If a competitor has his fish verified, weighed and upon returning to the boat discovers additional fish over the tournament limit that were not presented to officials; he then must notify tournament officials within one hour of final flight check in to receive a 2 lb. penalty for each bass discovered. **Anglers who do not remove fin clips prior to verification will be assessed a 4 ounce penalty per clip. No manmade or foreign object connected to a bass will be weighed and shall be removed by tournament officials.** The official length for bass shall be determined by the Tournament Director and announced at the Tournament Briefing. In most cases, it will be the longest state limit covering the tournament waters. Only bass as described above which measure the official length or more on the longest straight line, shall be weighed. Fish will be measured on a flat board with the mouth closed and tail swept (not pinched). Bass presented for weigh-in, which fail to measure the official length, shall result in a penalty of loss of the short fish and 1 pound for each such bass, which penalty shall be deducted from the total score of the competitor. Any bass that appears to have been mangled, mashed, mauled or otherwise altered will be weighed and credited only at the

discretion of tournament officials. After competitors check in at the official checkpoint they MUST present all LEGAL fish in their possession to a tournament official to be counted, measured and weighed. Once a competitor's catch is measured, counted and verified by a tournament official, that competitor may not return to the boat until their catch has been weighed and recorded. Bass must not be stringered at any time during the tournament. Specially designed bags, which increase survival rate, will be furnished by the Tournament Director and must be used for the weigh-in.

18. CATCH AND RELEASE:

CULLING OF DEAD BASS IS PROHIBITED. For each legal dead bass presented to weigh-in officials, the competitor shall be penalized 0.5 lbs. to be deducted from their daily score. Competitors are allowed to ice a dead fish that is part of their daily catch. The Tournament Director, or his/her designees, shall have sole authority for assessing penalty points. In addition, the Tournament Director, or his/her designees, may reduce tournament hours or tournament limits for fish care purposes. It is suggested in warm weather tournaments anglers keep extra ice for fish care. Contestants are allowed to purchase ice on the water; however, they are not allowed to receive ice from non-contestants. Upon mutual consent of both Boater and Non-Boater paired together, for fish care concerns, the verification table will open one hour prior to check in time of the first flight. **SMALL DIP NETS FOR CULLING PURPOSES ARE ENCOURAGED.** It is recommended competitors keep all bass in live wells during the culling process. Placing bass on the boat carpet during culling is not advised. **Only non-penetrating culling clips are allowed for use. Any clip or device that penetrates the skin or mouth of a fish is not allowed.** Proper fizzing technique is suggested when needed. For instructions on acceptable fizzing practices, please contact tournament officials.

19. LATE PENALTY:

Competitors who are not at the official check-in point, as described in Rule 16, at the appointed time, shall be penalized at the rate of one pound per minute late; to be deducted from the total weight of his/her catch that day, including any weight to be counted toward a "big bass award". Any competitor more than 15 minutes late shall lose all credit for that day's catch. There shall be no excuse for tardiness, and in no case, shall a competitor be allowed to make up "lost time." After proper recognition at the check-in point, competitors will be allowed ample time to proceed to the weigh-in site; however, all fishing must cease upon check-in. After the tournament begins, fishing the tournament waters is prohibited except during tournament hours. Exact starting and check-in times will be announced at the Tournament Briefing. It is each competitor's responsibility to confirm check-in times each day on the daily pairings.

20. TIES:

At the Texas B.A.S.S. Nation State Championship, in the Boater or Non-Boater division, in case of a tie for the first place on a state team, or overall champion at the end of the tournament, the four (4) tie breakers listed below will be used to determine the winner.

Ties will be resolved in the following order: (1) individual with heaviest single day catch during competition; (2) if the tie is not broken, the next tiebreaker will be the individual

with the second heaviest single day catch during competition; (3) if the tie is not broken, the next tiebreaker will be the individual with the largest number of legal fish weighed during competition; (4) if the tie is not broken, the next tiebreaker will be the individual with the largest number of legal live fish weighed during competition. If the tie is not broken by applying the foregoing procedures, the tie will remain a tie, and monetary prizes for each competitor will be awarded in an equal amount between the tied competitors. In the instance where merchandise is involved, it will be awarded as determined by tournament officials

21. PAIRING OF COMPETITORS:

Anglers will fish as Teams (broken down into Pairs) during the State Championship tournament. These Teams and Pairs will be established by participating clubs prior to the tournament and will remain firm unless change is necessary due to a verifiable emergency. It will be the responsibility of each member of a Pair to appear at a mutually agreed upon location, with sufficient time remaining to check out at the official checkpoint and start on time. The Tournament Director or staff shall have no responsibility for finding missing partners. It is suggested that a minimum of 30 minutes is required for preparation to depart to the checkout point. When two competitors check out at the beginning of the day, they must stay together and within sight of each other and each other's catch, throughout the day, until the weigh-in is completed, except in case of dire emergency or exceptions (see Rule 14, 15 & 17). A competitor must not allow any bass caught by them to be counted on the score of another competitor. In such a case, both competitors shall be disqualified from this tournament and from all future tournaments conducted by Texas B.A.S.S. Nation.

22. RULES VIOLATIONS AND APPEALS COMMITTEE:

An appeals committee will be established by the Texas B.A.S.S. Nation which shall be comprised of one Texas B.A.S.S. Nation member not affiliated with the Tournament Department, and two anglers who are not competitors in the event in question. Appeals for penalties assessed under Rule 1 (b), (c), (d), (e) & (f) must be presented in writing 48 hours from the time and date of ruling to the Tournament Director. Appeals hearings shall take place within seven (7) business days from the date of receipt of the written appeal and all parties must make themselves available at prescribed time of hearing. If competitors admit to a rules violation, they may not file an appeal of either the finding that they have violated the rules or the penalty imposed for the violation. Decisions of the appeals committee shall be final.

Competitors are allowed to compete under appeal.

Final standings will not be official until all appeals hearings are final and ruled upon.

However, all standings above that of any appealing angler, as well as any adjusted final standings may be declared official. Standings, including points and monetary awards, may be adjusted after appeals final ruling and all affected anglers shall comply with all details of the final ruling.

The three member ruling committee should remain confidential within the immediate appeals process.

23. PATCHES AND/OR SIGNAGE:

Anglers are encouraged to wear their own clothing, which may bear patches, logos and other signage promoting the angler's sponsors. Texas B.A.S.S. Nation may, however, restrict the use of patches, logos, signage, etc. that promote or advertise products which are, in Texas B.A.S.S. Nation.' sole judgment, in competition with the products or services of official B.A.S.S. sponsors, or which are, in Texas B.A.S.S. Nation.' sole judgment, in poor taste. Texas B.A.S.S. Nation will provide as much advance notice as possible to the competitors in such instances.

24. WAIVER AND RELEASE:

As a condition of participation in each tournament, each competitor must execute a waiver and release of liability, and a name and likeness release.

25. STATE TEAM BOATS:

Each twenty-person state team will designate 10 Boaters and 10 Non Boaters during the official tournament competition days. B.A.S.S. recommends that each team bring at least one extra boat that meets B.A.S.S. regulations.
