Tournament officials have the right to delay or cancel the start of an official tournament day because of bad weather or other factors that would endanger the safety of the competitors. For the safety of all, boats must be equipped with some type of ignition kill switch. This device must be attached to the driver any time the combustion engine is operating. All boats must be 16 ft. or more in length. No raised platforms or decks higher than the gunnels. No bladder or auxiliary gas tanks that were not installed by the manufacturer permitted. No stick steering boats permitted to be used.

7. SPORTSMANSHIP-C: Contestants are expected to follow high standards of sportsmanship, courtesy, safety and conservation. Any contestant(s) who displays poor sportsmanship, violates these rules, or any federal, state, or local laws, or brings unfavorable publicity to the sport of bass fishing will be disqualified and shall forfeit all entry fees and/or prize money. Doing so will result in immediate disqualification. Maximum courtesy must be practiced at all times, especially in the vicinity of a non-competitor's boat.

8. TACKLE AND EQUIPMENT-C: Dip nets are allowed. Dip nets cannot exceed 6 1/2 feet in overall length. If fish are netted, B.A.S.S. recommends the use of a rubber or vinyl-coated net. Only artificial lures may be used. No "live bait" or prepared bait will be permitted, with the exception of pork strips, rinds, etc. Only one casting, spin casting, or spinning rod (8ft. max. from butt of handle to rod tip) and reel may be used at any one time. All other types of rods are prohibited. Multi-bait rigs such as Umbrella Rigs (Alabama Rigs) are not allowed. Other rigs as specified above may be in the boat ready for use, however, only one is permitted in use at any given time. All bass must be caught live and in a conventional sporting manner. Anyone guilty of snatching or snagging visible fish will lose their day's catch. When visible fishing, all bass must be hooked inside the mouth and must be verified by your partner before unhooking to be a legal fish. No gaffs may be used to boat a bass or be permitted in the boat at any time. The use of grippers in landing bass is prohibited.

9. HORSEPOWER REGULATIONS-C: Maximum horsepower for all competitors will be 250hp. No boat may exceed the maximum Coast Guard rating. No altered motors to increase the horsepower over the factory rating allowed.

11. STARTING POSITION-D: Contestants will receive their starting position as assigned by the Regional Director. Boat numbers will be randomly and manually drawn buy the Tournament Director,

by the end of the official registration period. Any contestant who starts prior to their assigned number being called may have their day's catch nullified. Pairings for the Championship will be done by a computer-generated pairings list. In order to receive points for the tournament, participants must take part in the official launch proceedings.

12. **BOAT OPERATION-D:** The boater has full control of their boat however if you have a non-boater on the boat, please give them respect and non-boaters respect your boat captain and please offer gas funds at the end of the day. Boater and non-boater you must have your life jacket on when main engine is running, non-boater must keep your life jacket on remain seated until boat comes to a stop at the dock or on the bank, boater you must keep your life jacket on until you have beached your boat or until it is safely on the trailer. This will be carefully monitored and if you violate this rule, you will be assessed a ½ pound deduction.

In a continuous effort to promote fairness and sportsmanship a draw partner who shares or divulges a previous partner's fishing locations with other competitors will be disqualified along with the person utilizing this information. Any contestant who, in the judgment of the officials, operates the boat in such a manner as to unfairly handicap his partner shall be disqualified. An electronic trolling motor may be used for positioning only. No trolling with the electronic trolling motor for the purposes of fishing. Each contestant being considered a boater is expected to make that boat and motor available for tournament use by himself and his daily partner. In view of the large expense in operating and maintaining a tournament boat, it is suggested that the non-boater at least share part of the cost of gas and oil for the competition day.

13. **PERMITTED FISHING LOCATIONS-C:** The Tournament Director shall establish tournament waters. Any posted off limits or no fishing by state or federal officials will be off limits. The live bass release area

2023 Texas B.A.S.S. Nation North Central Region Tournament Rules

established by the tournament director will be off limits. This area will be announced at the tournament briefing. All angling must be done from the boat. Contestants must always remain 75ft or casting distance from another contestant's boat. 14. CONTESTANTS MUST REMAIN IN BOAT-C: Contestants may not leave their boat to land a fish or make the boat more accessible to fishing waters. Boats must remain in tournament waters during each tournament day. Contestants must leave and return to official checkpoint by boat. Both competitors must remain in boat at all times except in case of dire emergency. Partners must remain together at all times, in sight of each other and each other's catch under the conditions cited above in order for their catch to be scored. If a competitor must violate this rule then both partners must cease fishing and have their catch verified by a tournament official in order for that catch to be scored. A restart will be allowed, and the competitors will continue from that time. *The only exception to this rule will be when launching and loading the boat, one angler will be allowed to park and retrieve the launch vehicle.* No trailering of tournament boats will be allowed except by the direction of the tournament director.

15. OFFICIAL CHECKPOINT-C: There shall be only one official point for check out in the morning, and check-in in the afternoon, and the posted launch site is designated as such for each tournament. Points drop by one for each position until all Entrants are awarded points who weighted fish. Any contestant not weighing in fish shall be awarded 30 points less than the points awarded for the last point placement. Each angler should ask to have his/her big fish weighed. Each boater may weigh a 5-fish limit with a minimum length of 14 inches (courtesy check is allowed) unless the lake minimum is greater. Non-boaters may weigh a 3-fish limit. Contestants, who present bass at weigh-in which fall short of the official length or presents more than the legal limit of bass, shall lose that day's catch, as this constitutes a violation of state law. The Check-It-Stick will be the official tournament measuring board.

17. **FISH CARE-C:** Each competitor is expected to keep his catch alive and properly aerated. There will be a .50 lb. penalty for each dead fish presented at the weigh in. The culling of dead fish is a violation of Texas law, and a violation of B.A.S.S. rules. Any contestant that culls a dead fish shall lose that day's catch.

18. **LATE PENALTY-C:** Competitors who are not in the official checkpoint area, as described in rule 14, at the appointed time, as determined by the Tournament Coordinator, shall be penalized at the rate of one (1) pound per minute to be deducted from the total weight of his catch that day. If there are an odd number of boaters remaining, an

The Tournament Champion Boater and Co-Angler will represent the North Central Region on the State Team participating in the Central Division qualifier. The Regional Director will determine if adequate Region funds exist to enhance the prize winnings at this event. All North Central Region participants are encouraged to solicit sponsorship, prizes, gifts, etc. and provide the Regional Director with assistance, and ensure that sponsorships are sent to the Director's attention. Any sponsorship or support will receive special recognition at the tournament site and throughout the year on the North Central Region's website.
